**ALL PETS MUST BE CURRENT ON THE FOLLOWING VACCINES PRIOR TO BEING GROOMED:**

**CATS - Rabies, Distemper & Leukemia DOGS - Rabies, Distemper/Parvovirus & Bordetella**

If you are unable to provide proof of current vaccines, your pet(s) will be vaccinated with the applicable charges added to your invoice.

- If your pet is matted and requires a complete shave, an additional fee of \$40 to \$80 will be added to your invoice.
- If your pet has fleas and/or ticks, we will perform a flea & tick bath at a fee of \$21.

**HAS YOUR PET EATEN TODAY? YES NO IF SO, AT WHAT TIME? \_\_\_\_\_**

***In the event my pet is not cooperative with grooming and a sedative/tranquillizer/anesthetic is needed, my instructions are: PLEASE INITIAL ONLY ONE (1) BOX***

Please understand that certain health conditions associated with kidney, blood, liver, or other abnormalities may cause health risk to your pet with anesthesia/sedation/tranquillization; that these may not be obvious during a physical exam; and that blood testing may help identify these risks.

<b>YES</b>	- Perform blood tests before giving a sedative, tranquilizer or anesthesia. <b>Bloodwork is \$171</b>
<b>NO</b>	- Do not perform blood tests before giving a sedative, tranquilizer or anesthesia. I accept the risk to my pet. <b><i>The veterinarian may decline to provide this service in certain circumstances.</i></b>
<b>STOP</b>	- If my pet is uncooperative, contact me to discuss my options. I may decide to retrieve my pet without grooming. In this circumstance, I understand that there may be a \$12 fee for keeping my pet.

- I authorize the above services to be performed for my pet.
  - I agree to pay all fees upon check-out.

If we are unable to reach you via the methods above, services may or may not be performed as we see fit based on safe practices. Your pet must be picked up before the close of business (6 pm Monday - Friday); otherwise, you will be billed for boarding services. Those boarding services will include a nightly boarding fee, and may include an exam and strategic treatment for the prevention of parasites.

**Brentwood Animal Hospital Inc. does not provide 24-hour supervision.**
